

『すきな食べ物は何ですか？』

Hyogo Boys : どうも、Hyogo Boys です。よろしくおねがいします。

Ryuji: Now we are studying Japanese, right?

Masato: Yes, Japanese is pretty hard, but it's interesting.

Ryuji: Now we've just learned how to say "What is your favourite food?" in Japanese, haven't we? Do you know how to say?

Masato: Of course, I know! すきな食べ物は何ですか。 Right?

Ryuji: Very good! Now I will ask you about that question in Japanese. Then you can answer me.

Masato:OK. Come on!

Ryuji: すきな食べ物は何ですか。

Masato : ぼくは、ユーカリがすきです。

Ryuji: なんでやねん ! Are you a koala?

Masato : Am I a koala?

Ryuji: You don't have to check your body. Of course, not!

Masato : Oh, thanks, god!

Ryuji: You can say, ぼくは、すしがすきです。 or something.

Masato : Sushi, I see. Let me try once more!

Ryuji: すきな食べ物は何ですか。

Masato : ぼくは、すしがすきです。でも、ユーカリがいちばんすきです。

Ryuji: なんでやねん ! You are still talking about a eucalyptus.

Masato : I really like e eucalyptus.

Ryuji: Fair enough. Your Japanese is very good, though.

Masato : Thank you.

Ryuji: Let's talk about something different.
What about drinks? Drinks are のみもの in Japanese.
すきなのみものはなんですか。

Masato : ぼくは、しょうゆがすきです。

Ryuji: なんでやねん ! Soy sauce is not a drink, is it? You will become sick!

Masato : What? Soy sauce is very important for the Japanese.
I really like sushi with soy sauce. Yummy.

Ryuji: OK. That's true. But now we are talking about something to drink.
So, you have to talk about drinks.

Masato : OK. I understand. Let me try once more.

Ryuji: This is your final shot.

Masato : Okie-dokie. Bring it on.

Ryuji: すきなのみものはなんですか。

Masato : ぼくは、キッコーマンのしょうゆがすきです。

Ryuji:もうええわ !
