Thursday, January 31 10:30am

Saturday, February 2 2pm

1993 Studio Ghibli's classic—a film directed by Tomomi Mochizuki

Rarely seen outside of Japan, Ocean Waves is a subtle, poignant and detailed story of adolescence and teenage isolation. Taku and his best friend Yutaka are headed back to school for what looks like another uneventful year. But they soon find their friendship tested by the arrival of Rikako, a beautiful new transfer student from Tokyo. When Taku joins Rikako on a trip to Tokyo, the school erupts with rumours, and the three friends are forced to come to terms with their changing relationships.
