

# Sumi-e

*Introductory*

## Workshop

*with Yumi Barker*

**Wednesday, Jan 30**

**10:00 – 12noon**

**Hyogo Cultural Centre**

**Members \$20**

**Non-Members \$25**

Yumi Barker was born and brought up in Tokyo, but spent a few years working in Kobe before marrying her British husband and embarking on a life moving between countries for his work. She has previously lived in Australia and is now back in Perth after some 20 years away. Yumi has a passion for traditional and therapeutic Japanese art and craft and has enjoyed sharing her skills with people all over the world.

In this session Yumi will introduce you to the exquisite world of Sumi-e (ink brush painting). Participants will start by learning how to hold the brush and how to make just the right pigment of ink to paint their very own beautiful, thick bamboo tree. Bamboo is a symbol of everlasting friendship and longevity. It is green in all seasons and does not break in a hurricane like a strong-minded person. What a perfect image for us all to have in mind as we set forth into 2019!

Yumi hopes to not only teach you the initial steps of this beautiful art, but also to share with you the tranquillity and increased concentration skills that come with this kind of practise.

**Don't miss this opportunity. Numbers are strictly limited. To reserve your place please contact Hyogo Cultural Centre at [hyogoprogram@iinet.net.au](mailto:hyogoprogram@iinet.net.au) or on 9385 9002.**
